

CAG Committee Meeting 9/Oct/17

Present

- BH, AG,DT
- Apologies from MS

Minutes of last Meeting

Actions – DT has been in touch with the IOG to change how we are invoiced – still parts of this are unclear so it's work in progress.
4Cs meeting was cancelled so BH hasn't raised the question of repaying some of our profit as yet.
BH and PA have been unable to get a Lancashire groundsman to the AGM

Chairman's Report

BH met with the UKfast league to offer support in their round of ground inspections. He felt that his offer was accepted but that they were not expecting to need CAG assistance.

Secretary 's Report

DT said the level 1B course was only partially successful. It had been very wet so no practical work was possible and there had been 2 no-shows of CAG people and one additional IOG attendee we had not been warned of.

The level 2 course is going ahead this coming Saturday. Most have prepaid.

We have enough (5) to arrange a level 3 course. DT hopes to book Timperley CC for 16/Nov.

There was some discussion on options for training. Pitchcare also offer Lantra approved courses which are cheaper. DT to send BH details of Lantra. **ACTION DT**

Treasurer's Report

Bank a/c is £8,483.80 with invoices from IOG for the level 2 course of £840 and two outstanding course fees (£138) to be paid. Payment for the Autorake is outstanding. MS is given until the AGM to resolve this. **ACTION MS**

AOB

AGM – DT suggested arranging for a presentation and discussion of the work done at Timperley since last year – what went wrong and what went well. DT to summarise this and suggested personnel to circulate asap. BH has agreed to chair. **ACTION DT**

Next Meeting - AGM 13/Nov
